

Semester	Course	OMU program	Credits	English	Attendance / assessment	★	Likely NTNU preapproval slot
FALL	Advanced Image Processing 1BGA017001	Graduate School of Informatics – Core Informatics	2	✓	● Reports; no attendance grade stated	★★★★★	VA/VB
FALL	Information Sensing Systems 1BGA019001 *	Graduate School of Informatics – Core Informatics	2	✓	? 2026 grading/attendance not published	★★★★★	VA/VB / possible ING-other
FALL	Wireless Network Systems 1BGA025001	Graduate School of Informatics – Core Informatics	2	✓	● Reports; no attendance grade stated	★★★★★	VA/VB
FALL	Global Development Issues 1GAE004301	University-wide Liberal Arts / Global Education	2	✓ Explicit	● Online + recorded; 50% exam, 50% home assignment	★★★★★	K-emne
FALL	Deep Learning 1BGA010001	Graduate School of Informatics – Core Informatics	2	✓	● Reports	★★★★★	VA/VB
FALL	Advanced & Emerging Communications Technologies 1BGA024001	Graduate School of Informatics – Core Informatics	2	✓	● Assignments	★★★★	VA/VB
FALL	Japan Studies: Language and Society 1KDA026001	International / Liberal Arts	2	✓ Explicit	● Participation, assignments, presentation + field trips	★★★★	K-emne
FALL	Advanced Computational Intelligence 1BGA013001	Graduate School of Informatics – Core Informatics	2	✓	● 40% tasks + 60% presentations	★★★½	VA/VB
FALL	Introduction to Japanese Culture 1KDA025001	International / Liberal Arts	2	✓ Explicit	● 60% participation + field trips + presentation	★★★½	K-emne
FALL	Advanced Smart Sensing Engineering 1BJE024001	Graduate School of Engineering – Electrical & Electronic Systems	2	⚠ English not confirmed	● 40% quizzes + 60% report	★★★*	VA/VB if English confirmed
SPRING	Special Topics in Medical Wireless System 1BGB028001	Graduate School of Informatics – Interdisciplinary Informatics	2	✓	● 100% final report ; no attendance grade stated	★★★★★	VA/VB
SPRING	Special Topics in Image Information Processing 1BGB013001	Graduate School of Informatics – Interdisciplinary Informatics	2	✓ Explicit	● 30% quizzes + 70% report	★★★★★	VA/VB / possible ING-other
SPRING	Time Series Analysis and Signal Processing	Graduate School of Informatics – Core Informatics	2	✓ English-course offering	? Individual 2026 assessment not confirmed	★★★★★	VA/VB
SPRING	Economics Basics H: Issues in Economics A 1BDA021001	Graduate School of Economics	2	✓ Explicit	● Online; 50% exam + 50% assignments	★★★★★½	K-emne
SPRING	Probability Theory and Statistics 1BGA007001	Graduate School of Informatics – Core Informatics	2	✓	● Exercises/tasks; more mathematical	★★★★½	VA/VB

Semester	Course	OMU program	Credits	English	Attendance / assessment	★	Likely NTNU preapproval slot
SPRING	Special Topics in Marketing 1BGB017001	Graduate School of Informatics – Interdisciplinary Informatics	2	✓	● Reports/presentations; 2026 details less clear	★★★★½	K-emne candidate / VA/VB
SPRING	Linguistic Informatics 1BGA016001	Graduate School of Informatics – Core Informatics	2	✓ E1	● 50% reports + 50% exam	★★★★	VA/VB
SPRING	Special Topics in Natural Language Processing	Graduate School of Informatics – Interdisciplinary Informatics	2	✓	? Detailed assessment not confirmed	★★★★	VA/VB
SPRING	Special Topics in Production Science	Graduate School of Informatics – Interdisciplinary Informatics	2	✓	? Detailed assessment not confirmed	★★★★	VA/VB / possible ING-other
SPRING	Introduction to Japanese Culture: Popular Culture 1KDA043001	International / Liberal Arts	2	✓ Explicit	● Group work + presentation + field activity	★★★★	K-emne
SPRING	Integrative Seminar for Global Communication 2 1KDA018002	International / Liberal Arts	2	✓	● Must attend ≥10/15; discussion/presentations	★★★★½	K-emne
SPRING	Special Topics in Materials Informatics 1BGB025001	Graduate School of Informatics – Interdisciplinary Informatics	2	✓	● Seminar, paper reading and active participation	★★★	VA/VB
SPRING	Field Research: Social Innovation B 1KDA042001	International / Social Innovation	2	✓ for exchange students	● 60% participation + fieldwork	★★★	K-emne
AUG INTENSIVE	Introduction to Social Innovation 1KDA021001	International / Social Innovation	2	✓ English materials	● On-demand/intensive , no weekly timetable slot	★★★★★½	K-emne
FEB INTENSIVE	Social Innovation: Case Study 1KDA041001	International / Social Innovation	2	✓ English materials	● On-demand; 60% assignments + 40% independent report	★★★★★	K-emne
INTENSIVE	Research Integrity A 1HAB001901	Graduate-level university-wide	1	✓ Explicit English	● 35% attendance + mandatory workshops	★★★	Possible ethics supplement; not good Exphil replacement
SPRING INTENSIVE	Advanced Applied Chemistry 1 1BJF017001	Graduate School of Engineering – Applied Chemistry	2	✓	● 3-day intensive; all days required; assignments + report	★★★★½	ING-other if wanted
